

Role-Based Access Control (RBAC)

Admin Role

- Create elections
- Add/remove candidates
- Add voters
- Change election stage
- Aggregate and view results

Voter Role

- View dashboard
- Cast encrypted vote
- X No admin access (403)
- X Cannot create elections
- X Cannot view wallet info

JWT Token (HS256)

{ email, voterId, electionId, role }

adminMiddleware returns 403 if role != admin
